

MIDWEST FENCE & GATE COMPANY

RESIDENTIAL CHAIN-LINK FENCING

GALVANIZED CHAIN-LINK

Galvanized hot-dipped zinc coating is the most inexpensive method for protecting your yard. Preferred for decades to define property lines and protect property, galvanized chain-link offers a versatile fencing solution that will provide years of maintenance-free protection.

- 4'
- 5'
- 6'
- 36" & 42" also available

Standard Specifications:

Line Posts: 1 5/8"
 Terminal Posts: 2 3/8"
 Top Rail: 1 3/8"
 Wire: 2" Mesh - 8 GA

FABRICATED GATES

We custom fabricate all our chain-link gates with strong, and long lasting welded corners. We can make single and double drive gates to meet your individual needs of your project. Because we fabricate the gates ourselves we can make a gate for any size opening.

PRIVACY SLATTING

Beautify and add privacy to your chain-link fence with Privacy Slatting. 8 colors are available: Beige, Sky Blue, Snow White, Black, Redwood, Rustic Brown, Hedge Green, Cape Cod Gray.

TENSION WIRE

A bottom tension wire will add strength and extra protection to your fence. This will aid in keeping the fence taut and help prevent animals from pushing or digging under the fence. We attach galvanized or color coated wire along the bottom 2" of your fence and secure it along the way with brace bands and hog rings.
